## Policy on Assessment

Assessment at Henry Kendall High School is fundamentally driven by an acknowledgement of students' different learning pathways. It is essential that all students are able to access and display deep knowledge and understanding of their subjects. In order for students to reach their personal best they must find connections to the curriculum and build relationships. Students are able to achieve these goals by constant attendance at school, above 85% and reflection upon their learning process. All staff are committed to the achievement of students' personal best.

The Education Act 1990 sets out the general requirements you need to meet to be awarded a Stage 5 Record of Student Achievement (ROSA).

### To be eligible for ROSA, a student must:

- have participated, to the NESA's satisfaction, in courses of study that have been determined under the Act as appropriate to be undertaken by candidates for the Record of Student Achievement; and
- have been accepted by the NESA as having satisfactorily completed those courses of study; and
- have undertaken, to the NESA's satisfaction, the requisite examinations or other forms of assessment; and
- have complied with any requirements prescribed by the regulations or any requirements imposed by the Minister or the NESA; and
- have completed Year 10.

### Satisfactory Completion of a Course / Course Completion Criteria

A student will be considered to have satisfactorily completed a course if, in the Principal's view, there is sufficient evidence that the student has:

- a) **followed** the course developed or endorsed by the Board; and
- b) **applied** themselves with diligence and sustained effort to the set tasks and experiences provided in the course by the school; and
- c) **achieved** some or all of the course outcomes.

Students who have not complied with the course completion criteria and who have received at least two written warnings (Appendix A) can be regarded as not having satisfactorily completed the course at the time of finalising grades. The Principal may then apply the '**N**' determination.

A student who is given an 'N' Determination in a mandatory course in Stage 5 may not be eligible for progression to Stage 6.

**Grading student achievement** is the process of assigning a letter (A, B, C, D, E) to summarise the level of a student's achievement in a course per Semester.

In Mathematics, grades have been further differentiated to nine levels (A10, A9, B8, B7, C6, C5, D4, D3, E2).

### Student Responsibilities

Students are expected to complete all tasks to the best of their ability. All assessment tasks are compulsory. Tasks will be completed on or before the date indicated. Students absent from an assessment task or examination are required to submit written evidence as to the reason for their absence (Appendix B).

**Late Work:** Failure to submit an assessment task on time will result in a zero. Work will still need to be completed and will be marked diagnostically.

## Appeals Against 'N' Determination

Students wishing to appeal against the Grade(s) in any subject awarded to them by the school should submit a written appeal, together with evidence to the Principal.

Students may appeal only on the basis that the grade awarded was not consistent with the progressive reporting relative to the areas for assessment from the school.

## Responsibilities of Year 9 Students

Students in Year 9 are responsible for:

- Ensuring that you obtain and understand the school's policies on assessment.
- Determining if any assessment information has been distributed during a period of absence.
- Attempting each assessment task to the best of your ability so that they demonstrate maximum level of achievement. Technological issues including the loss of material or faulty storage facilities are not acceptable reasons for non-submission of tasks. Ensure all work is saved in various places and hard copies kept indicating progress.
- Ensuring that all work submitted is your own work.
- Ensuring that all tasks are submitted on time or that the procedures outlined are followed to seek a substitute task.
- Ensuring their Assessment Notification is signed and dated on submission of each assessment.
- Ensuring any questions that you may have about the assessment or grade, or comments made for an individual piece of work, are resolved at the time the work is handed back.
- Demonstrating, through diligence and sustained effort and sound attendance that you have met the requirements of the course.
- It is a requirement for the ROSA credential that Year 10 students attend school until the final day of Year 10 as determined by the school system and Principal, unless an exemption has been granted by the Principal.
- Applying for disability provisions should you be eligible.

Dear Parent/Caregiver

I am writing to advise that (student name) is in danger of not meeting Course Completion Criteria for (course name) (Year X). The Board of Studies requires schools to issue students with warnings in order to give them the opportunity to redeem themselves. Please regard this letter we have issued as warning number (warning number) concerning (course name) (Year X).

### Course Completion Criteria

The satisfactory completion of a course requires principals to have sufficient evidence that the student has;

- a) followed the course developed or endorsed by the Board;
- b) applied themselves with diligence and sustained effort to the set tasks and experiences provided in the course by the school and
- c) achieved some or all of the course outcomes

Where it is determined that a student has not met the Course Completion Criteria they may receive an "N" determination. Students who receive an 'N' determination in a mandatory course may not be eligible for a satisfactory Record of Academic Achievement at the end of Year 10. Alternatively, receiving an "N" determination may require the student to repeat the course.

To date, in terms of meeting the Course Completion Criteria, (students name) has not satisfactorily;

The table overleaf lists those tasks, requirements or outcomes not yet completed or achieved, and/or for which a genuine attempt has not been made.

In order for (students name) to satisfy the Course Completion Criteria, the tasks, requirements or outcomes listed overleaf need to be satisfactorily completed.

Please discuss this matter with (students name) and contact the school if further information or clarification is needed.

Yours sincerely

## What do I do if I cannot complete an assessment task?

If you are going on a holiday a parent or caregiver must inform the school of the details. A letter seeking permission for leave must be presented to the Principal. All staff will be given notice of approved leave. You will need to negotiate with your classroom teacher and/or Head Teacher of the subject area in regards as to the best time to hand-in or complete your assessment task.

If you are sick on the day of a task you must bring a note from a doctor or parent/caregiver explaining why you could not attend school. You will need to obtain a yellow misadventure form from outside the Deputies' office this form will need to be completed and the note attached. The form and note must be given to your class teacher or the Head Teacher and they will direct you to the next convenient time to complete the task or hand in the task. This must be done on the first day you return to school and first thing in the morning. Any delay in this process could result in a 0 mark for the task.

If you are sick at home and you have completed your task you can send it electronically to the school email account, you need to attach your name, class, teacher and subject name.

The school email address is *henrykenda-h.school@det.nsw.edu.au*
